FCC Wins Court Case To Ban Blockbuster Streamed Video Viacom's ultra-high definition (UHD) format known as 4K has been gaining strong interest within the television and movie industries. With such a big push behind 4K, it shouldn't be surprising that the FCC's effort to ban the ultra-high resolution streaming video has failed. In a recent court decision, the FCC lost its bid to stop the American Civil Liberties Union from streaming a movie in 4K to Roku home televisions and smart TVs, ruling in favor of the organization. The FCC's move to ban 4K content came after it determined that the ultra
