RippGale has teamed up with the Ken Block Network and its host, "The MuscleCar" at MotorSportsRC.com to get you to the front-running events in 2018. First, #41 Kenny Block, #99 Derek DeBoer and #98 Richard Chirac will all be at the 2018 Honda SEMAShow in Las Vegas. We caught up with them when they came through ATL, so make sure to swing by and say "Hi!" A quick one before I get ready for the long drive to L.A. You know, deep in the ume, "brain" somehow speaks to the "spine", and rips off a matchless speech. Before I get back on the road, I wanted to share some behind-the-scenes shots from the filming of it. The goal was to film the full sequence, but then take some more time to really get that look and feel of it right. It was around 9:00am and we were about two hours from the set. I remember we ended up about a half hour from the set and we were all going crazy. I was having a hard time actually believing that we had captured what I wanted. In the wake of the Omaha Spaghetti Bowl, all eyes are on the "Blighty" side of the border with teams like the Robbery Squad having to rebuild their roster from scratch. In their place, teams like the Sledge are probably set on adding role players and having the depth required to make the roster through regular-season. In the event that there are any setbacks, perhaps they can land a few guys like Jarrett Bellamy to add those key pieces. While early returns on the Hill have been positive, it's important to remember that the offseason is still in the midst of being in full swing. On the defensive side, it's also important to note that scouts may be sending a message to the Canadian prairies as well. Unlike in the league, Canadian Tier 4 teams are allowed more flexibility on jersey ads, so it's safe to say that some of the players on the Hill may have some connections to the CFL as well. All of these players have a chance to make the roster for their respective teams, but there's a few that I think the CFL club scouts may have their eye on heading into the season. Here's who I think the Calgary Stampeders could possibly be targeting in free agency... #10

There are so many fully addicted FIFA forums and web forums on internet on which I have been a regular. system requirements for Dkz Studio. So, I want a result like this:

Date	Text	Number of lines
12/07/2012	1	1
12/08/2012	1	1
12/09/2012	1	1
12/10/2012	1	1
12/11/2012	1	1
12/13/2012	1	1

My problem is that I have no idea how to get a result like that. First, I thought about this: `SELECT CASE WHEN `date` = '12/07/2012' AND `text` = 1 THEN 1 WHEN `date` = '12/07/2012' AND `text` = 2 THEN 1 ... .. END AS `12/07/2012`` But I got an error. The problem is that I do not know how to repeat my query inside the case. Something like this: `SELECT CASE WHEN `date` = '12/07/2012' AND `text` = 1 THEN ( SELECT CASE WHEN `date` = '12/08/2012' AND `text` = 1 THEN 1 WHEN `date` = '12/08/2012' AND`
